

Transform the **interview scheduling experience** and stand out to **win the war for talent**

62%

of senior US candidates have dropped out of recruitment processes due to issues with interview scheduling

Every interview type supported

Video and phone interviews

Group interviews

Panel interviews

Multi-part interviews

Assessment days

Interview scheduling made easy

- ✓ Recruiters can see hiring managers availability
- ✓ No email chains or phone calls to find times to interview
- ✓ Add conferencing or rooms to every interview booking
- ✓ Create private links to keep data protected

Optimize the candidate experience

- ✓ Individual links give candidates a personalized experience
- ✓ Empower candidates to choose times that work for them
- ✓ Times show interviewers' real-time availability

Real-time scheduling that integrates with the tools you use every day

Thousands of HR software providers and talent acquisition professionals trust Cronofy to deliver their interview scheduling tech:

“In the recruitment industry, which contracted by around 17% as a result of the pandemic, The Judge Group are going from strength to strength - our adoption of technology and partnerships with businesses like Cronofy has contributed a big part in us maintaining that efficiency and momentum.”

Ken Krieger | Chief Information Officer, The Judge Group

With our Scheduler tool:

With our off-the-shelf tool you can access hassle-free interview scheduling today, with no integration required.

- ✓ Include multiple interviewers availability and arrange interviews on behalf of hiring managers
- ✓ Schedule from your favorite applications with our free browser extension and Add-ins
- ✓ Seamless scheduling that lets recruiters focus on the candidate
- ✓ Create and send personalized scheduling links for interviews and meetings
- ✓ Set up default interviewers that can act as mandatory groups or as pools from which only one person needs to be available
- ✓ Scalable tool designed to easily onboard teams
